

MIGRANT EDUCATION PROGRAM

The Migrant Education Program (MEP) is authorized by Part C of Title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA). It assists states in improving educational opportunities for migratory children to help them succeed in the regular school program, meet the same State academic content and student academic achievement standards that all children are expected to meet, and graduate from high school.

The program aims at identifying and servicing children between the ages of 3 and 21 who are, or whose parents or spouses are, migratory workers, and who, in the preceding 36 months, moved in order to obtain temporary or seasonal employment in agricultural or fishing activity.

The general purpose of the MEP is to ensure that migratory children fully benefit from the same free public education provided to other children.

What is the Occupational Survey? (On reverse side)

The Occupational Survey is a tool that Tennessee uses to meet our state requirements and correctly identify and recruit all eligible migrant children residing in Tennessee.

If you would like to [opt out](#) of completing the form annually and would rather complete the form upon your child entering Pre-K, Kindergarten, 5th grade or 9th grade, please fill out the [form here](#) or by scanning the QR code below. If you have already opted out, you don't have to complete the Occupational Survey unless your child is entering Pre-K, Kindergarten, 5th grade, or 9th grade. If you choose not to opt out, you will be asked to complete the form annually. In the event that circumstances change for your family and your child may qualify for services, email elena@conexionamericas.org with the Tennessee Migrant Education Program.
